

PROFILE

Interior Designer with two years of airport experience in all phases of design and construction. Focused on materiality and function of high end airport lounges.

EDUCATION

Pratt Institute, Brooklyn, NY

Master of Fine Arts in Interior Design, May, 2018

Union College, Schenectady, NY

Bachelor of Arts in Visual Arts/Physics, June, 2014

EXPERIENCE

Corgan, New York, NY

Interior Design Intern, Aviation Sector, August, 2018 - August, 2020

- Managed and completed construction phase of Raleigh Durham United Club within time and budget constraints
- Directed consultant coordination and produced drawings throughout all project phases to ensure compliance with client requirements
- Conducted onsite meetings with client and contractor to monitor project progress and to produce solutions to field conditions
- Designed and curated furniture selection, finish standards and custom millwork for Phoenix United Club to be used in future United Club locations
- Developed rendered views using Revit and Photoshop to assist visualization of project design

Student Intern, Aviation Sector, Summer, 2017

- Aided in the production of airfield reconfiguration diagrams and new jet blast fence configurations to accommodate larger aircraft
- Assisted in the completion of Tenant Alteration Applications for the Port Authority of New York and New Jersey

Jacobs Engineering, Morristown, NJ

Mechanical Design Intern, Summers, 2011 and 2012

- Documented and standardized components in HVAC and plumbing systems using AutoCAD
- Developed and edited construction documents
- Assisted in project management during construction phase
